

# Peace Dove Instructions

## Materials

- Printed dove outline on cardstock paper
- Scratch paper
- Scissors
- Glue
- Tape
- Crayons and/or markers, colored pencils
- Tissue paper / ribbon
- Stick

## Preparing the Dove

1. Print the dove outline on Cardstock paper.
2. Cut out the dove and tab
3. Decorate front and backside of dove with crayons/markers/colored pencils
  - Use scratch paper if needed
4. Write words of affirmation on one or both sides of the dove
5. Streamers for Tail - Create streamers for the tail using tissue paper or ribbon
  - Keep in mind they need to be lightweight!
  - Glue streamers onto the tail on the frontside of the dove.
6. Beak - Overlap the two beak flaps so it creates a small arch. Glue with a glue stick.

## Adding the Stick

7. Cut along the dotted lines on the tab. Fold this part up to form a trapezoid tab.
8. Wrap the trapezoid tab at the top end of the stick. Glue with a glue stick. Hold for a few minutes.
9. Tape tab around stick with clear Scotch tape. You can add extra tape between the stick and the dove for support.
10. After the dove is dry, glue the rectangular part of the tab to the bottom of the dove. Let it dry.
11. Fly your dove! Invite your family and friends to create Peace Doves and have a Peace Dove parade in your neighborhood! Enjoy!
